medical residency reimbursement for the University of Virginia Family Medicine Residency program from \$17,871 to \$38,270 per resident."

Explanation:

(This amendment provides \$1.6 million from the general fund each year and language to increase the reimbursement for the University of Virginia (UVA) Family Medicine Residency program from \$17,871 to \$38,270 per resident. This would provide parity with the amount that the Virginia Commonwealth University (VCU) Department of Family Medicine and Community Health Residency program receives per resident. This increase in funding will provide needed financial stability for the program. The additional investment will also help to increase interest in Family Medicine and better prepare residents to meet the changing needs of Virginia's communities.)

"M. Out of this appropriation, \$50,000,000 the first year and \$50,000,000 the second year from the general fund shall be used to establish a pilot program to provide long-term direct rental assistance to households with at least one child aged 16 or below and with income at or below 50 percent of Area Median Income. The department shall give priority to households with income at or below 30 percent of Area Median Income. Under this program, eligible households will receive a voucher to reduce their housing costs to 30 percent of their monthly income. The department shall establish guidelines and criteria for the administration of this pilot program by December 1, 2024, informed by the Virginia Housing Stability Fund Model Program Guidelines report, which was developed in 2022 in conjunction with a stakeholder group. Any funds remaining at the end of the fiscal year 2025 shall be carried forward into the next fiscal year by the department for the purposes described in this paragraph. The department shall submit a report to the General Assembly on or before November 30, 2025 with an update on the

Request to Amend House Bill 30, as Introduced

implementation and impact of this program."

Explanation:

(This amendment provides \$50,000,000 in fiscal year 2025 and \$50,000,000 in fiscal year 2026 to establish the 5000 Families pilot program, which will provide monthly rental assistance to low-income families with school-aged children. Eligible households will receive a monthly rental voucher in an amount sufficient to allow the family to pay only 30 percent of their monthly income for housing. This program will empower families and their children by ensuring they have a stable home and thus a strong foundation for success at school and beyond.)

"L.1. Out of this appropriation, \$13,476,297 the first year and \$13,476,297 the second year from the general fund is provided for claims taking, adjudication, benefit payment control, appeals, data analysis, and administrative costs for reporting on Virginia's performance vis-a-vis, and ensuring compliance with, federal core unemployment insurance performance measures. As a condition of this appropriation, VEC shall maintain the following minimum critical position levels: 40 Appeals Staff, 80 Adjudication Staff, and 120 Contact Center Support Staff.

2.The commission shall provide quarterly reports to the General Assembly detailing the state's performance in each of the Department of Labor's Unemployment Insurance (UI) Core Measures, which are used to assess conformity with the Social Security Act. The commission shall make this report conspicuously available on its website. The report shall include the

Request to Amend House Bill 30, as Introduced

following information for each core measure: (1) Virginia's current quarterly performance; (2) Virginia's quarterly performance for each of the prior three quarters; (3) Virginia's rank amongst all jurisdictions for the current quarterly performance; (4) Virginia's rank amongst all jurisdictions for each of the prior three quarters; and, (5) the federal performance standard.

3. Where Virginia's performance falls short of the acceptable federal performance standard, the commission shall provide a detailed explanation of the state's unsatisfactory performance and set forth a detailed plan and timeline for bringing the state to conformity with the federal standard. The commission shall also provide an explanation for any drops in performance or ranking in the most recent quarter.

4. Where Virginia's performance in First Payment Timeliness and Nonmonetary Determination Timeliness fails to conform to federal standards, the commission shall, in plain language, provide conspicuous notice of the agency's performance in each measure on its website, and in relevant written notices including Statement of Wages and Potential Benefit and Decisions of Deputy.

5. Where Virginia's performance in Average Age of Pending Lower Authority Appeals fails to conform to federal performance standards, the commission shall, in plain language provide conspicuous notice of the Average Age of Appeal on its website, including where online appeals are filed, in written appeals forms, and in other relevant notices including, but not limited to Decisions of Deputy and to Notices of Appeal issued as a result of appeals to such Decisions of Deputy.

6. The commission shall report annually to the Commission on Unemployment Compensation on the following: Adequacy of the current taxable wage base to maintain sufficient trust fund solvency; adequacy of current experience rating measures to maintain sufficient trust fund solvency; feasibility of maintaining an administrative fee to support critical staffing and technology requirements while maintaining sufficient trust fund solvency; and sufficiency of current weekly benefit amounts to provide intended stabilizing effect on unemployed workers and the Commonwealth's economy."

Explanation:

(This amendment provides \$13.5 million in each year for additional staff at the Virginia Employment Commission to provide detailed reporting information and related notices on the federal core measures for the unemployment insurance program and the solvency status of the UI Trust Fund.)

Page 411, line 2, strike "\$586,779,340" and insert "\$590,400,104".

Page 412, after line 18 insert:

"L.1. Out of this appropriation, \$3,620,764 the first year and \$3,620,764 the second year from the general fund is provided for staff, including overhead costs necessary for ensuring conformity with federal law and guidelines for unemployment insurance accessibility. The commission may hire additional workforce/one-stop center unemployment personnel, regional customer advocates, website developers, communications/accommodations specialists, and administrative support specialists. With the amounts provided in this paragraph, the commission may update web, written, telephonic, in person, and other relevant information and assistance to ensure accessibility and understandability for all claimants.

2. The commission shall revise its website, written notices, call center scripts and recordings, protocols for in person assistance, and other relevant personnel or methods of communication to provide claimants with a clear roadmap for and understanding of the unemployment application, adjudication, claim-filing, and appeal processes.

3. The commission shall develop: (1) a series of instructional, short videos designed to help claimants better understand their potential eligibility for unemployment insurance, the steps of the application process, and how to file a claim and (2) an interactive, online eligibility tool that enables claimants to better understand their potential eligibility and benefits under the program.

4. The commission shall review and revise documents and online resources to more clearly describe and explain (1) eligibility criteria for Unemployment Insurance (UI), (2) how to navigate the UI claims and appeals process, and (3) the status or outcome of a claim.

5. The commission shall update claimant notices, the online portal, call center scripts and recordings, protocols for in person assistance, and other relevant personnel or methods of communication to provide in an accessible format and explain in plain language: (1) where the claimant currently stands in the application, adjudication, claim, or appeal process; (2) what the claimant's rights and responsibilities are at that step in the process; (3) whether further action or response is required for the claimant to advance in the process, and if so, a detailed plain language explanation of (a) the necessary action or response, (b) the date by which the claimant must act or respond, (c) what methods of action or response are available (online, by phone, in person, etc.), and (d) the adverse outcomes for the claimant if they fail to timely act or respond; and (4) and what and when the next step of the process (if applicable) will take place.

6. The commission shall affirmatively and annually test the usability, accessibility, and understandability of these improvements to claimant notices, the online portal, call center scripts and recordings, protocols for in person assistance, and other relevant personnel or methods of communication with a diverse cohort of claimants and claimant advocacy groups, including persons with limited English proficiency, disabilities, limited technological access or proficiency, and/or limited income, etc. to ensure accessibility and compliance with applicable federal law and U.S. Department of Labor guidance.

Request to Amend House Bill 30, as Introduced

7. The commission shall annually report the results of this testing to the General Assembly, including any written comments about the report's contents provided after a public notice period with the finalized draft report, and make said report and written comments conspicuously available on its website. Where the commission improvements fail to meet federal guidelines for equity accessibility, the commission's report shall outline specific steps to bring all web and written materials and phone and in person communications in conformity with those guidelines."

"T.1. The department is hereby authorized to use federal funding received by Virginia from the Broadband Equity, Access, and Deployment (BEAD) Program of the Federal Infrastructure and Jobs Act (Public Law 117-58).

2. In its implementation of Public Law 117-58, the department shall first ensure that sufficient funds are allocated to ensure the deployment of service to all unserved locations and all underserved locations in a manner consistent with Public Law 117-58 and related federal guidance.

3. Of the federal funding remaining after Paragraph O2, the department shall allocate no less than fifty percent to the Virginia Broadband Resiliency Initiative and up to fifty percent to other non-deployment uses including, but not limited to, remote learning or telehealth services and facilities, broadband sign-up assistance and programs that provide technology support, and other digital equity programs.

U.1. Out of the amounts in this item, \$60,000,000 the first year and \$60,000,000 the second year from the general fund is provided for the Virginia Broadband Resiliency Initiative. The

Request to Amend House Bill 30, as Introduced

funds shall be used to supplement deployment projects selected in the fiscal year 2022 Virginia Telecommunication Initiative and funded with resources from the State and Local Fiscal Recovery Fund or the Capital Projects Fund of the American Rescue Plan Act of 2021 by increasing the proportion of underground construction and/or investing in more utility pole replacement than contemplated in the initial fiscal year 2022 Virginia Telecommunication Initiative award, and thereby improve the resiliency of such deployments. Any balances for the purposes specified in this paragraph which are unexpended on June 30, 2025, and June 30, 2026, shall not revert to the general fund but shall be carried forward and reappropriated.

2. The department shall establish an application process for broadband service providers to seek reimbursement for costs associated with utility pole replacements, mid-span pole installations, and undergrounding in excess of the amounts included in the approved fiscal year 2022 Virginia Telecommunication Initiative award, and where the costs were incurred on or after January 1, 2024. Undergrounding costs shall only be eligible for reimbursement if the applicant can demonstrate that the broadband deployment will include a higher percentage of underground miles than contemplated in the approved application and undergrounding will result in less reimbursement than pole replacements and mid-span pole installations. The application process shall require applicants to submit the following information:

- i. The number, cost, and locations of pole replacements, mid-span pole installations, or undergrounding for which reimbursement is requested;
- ii. Documentation sufficient to establish that the pole replacements, mid-span pole installations, and undergrounding described in the application have been completed or will be completed within 120 days of receipt of funds;
- iii. Documentation sufficient to establish the costs for which reimbursement is requested;
- iv. Documentation from the approved fiscal year 2022 Virginia Telecommunications award for the project demonstrating project costs for utility pole replacements, mid-span pole installations, and undergrounding;
- v. Documentation demonstrating that requested funds supplement previously awarded funds for utility pole replacements, mid-span pole installations, and undergrounding;
- vi. For applications requesting reimbursement for undergrounding costs, documentation sufficient to demonstrate undergrounding is more cost-effective than performing pole replacements and mid-span installations.

3. Within thirty days of receipt of a completed application, the department shall reimburse applicants for: i. No more than \$30,000 per mile for pole replacements and mid-span poles installed or 75 percent of the total amount incurred or paid by the applicant for eligible pole replacement and/or mid-span installation costs. The department shall award the applicant the lesser amount; ii. No more than \$30,000 per mile for undergrounding costs.

4. The department shall award funds based on the order it receives eligible applications.

Page 105, line 37, strike “U” and insert “V”.

Explanation:

(This amendment provides \$60.0 million in each year from the general fund to the Virginia Broadband Resiliency Initiative to supplement costs for make ready work related to projects funded under the fiscal year 2022 Virginia Telecommunications Initiative. It also dedicates 50 percent of non-deployment resources received from the Broadband Equity, Access, and Deployment (BEAD) Program to this initiative.)

Federal Trust

\$434,182

\$543,777 "

Explanation:

(This amendment provides funds each year from the general and nongeneral fund to establish the Parent Advocacy Commission as a new agency in the Judicial Branch pursuant to House Bill 893. This agency would serve as the foundation for the creation of two multidisciplinary law offices to represent parents in such proceedings. The office would be responsible for providing training, creating practice standards, and bringing oversight to all attorneys representing parents in child dependency proceedings. This amendment is a placeholder until a fiscal impact statement for the bill is produced.)

"Mental Health Staffing and Partnerships Grants \$25,000,000 \$25,000,000".

Page 143, after line 51, insert:

"SS. Out of this appropriation, \$25,000,000 the first year and \$25,000,000 the second year from the general fund is provided for grants to school divisions to support partnerships with public and private community-based providers and to hire additional specialized support staff to meet student mental health needs. Priority for the grants will be given to the ten divisions demonstrating the greatest need for mental health partnerships and additional staffing. Criteria for prioritization will be based on internal and publicly reported data, including but not limited to (i) incidences of youth homicides, (ii) number of suicide risk assessments, and (iii) rates of out-of-school suspensions. The department will oversee implementation of this grant program, including establishing guidelines for application, criteria for evaluation, and reporting requirements."

Explanation:

(This amendment provides \$25 million each year through competitive grants to local school divisions that serve communities with high incidences of community violence to contract for community-based mental health services for students from public or private community-based providers or to fund the hiring of additional specialized support staff to meet student needs. This funding is necessary due to the expiration of federal stimulus funding that allowed school divisions to cover these costs in the recent years following the pandemic.)

"3. Effective July 1, 2024, The Department of Medical Assistance Services shall increase the rates for dental services by 10 percent. The department shall have the authority to implement these changes prior to completion of any regulatory process undertaken in order to effect such change."

Explanation:

(This amendment provides \$1.2 million from the general fund and \$2.3 million from nongeneral funds each year to increase Family Access to Medical Insurance Security (FAMIS) reimbursed dental services by 10 percent. Rates for dental services were increased by 30 percent in fiscal year 2023. Language provides the agency with emergency regulatory authority to implement this change. Companion amendments in Item 288 and Item 290 provide for a 10 percent increase in dental rates in the Medicaid program and the Medicaid Children's Health Insurance Program (M-CHIP).)

The department shall have the authority to implement these changes prior to completion of any regulatory process undertaken in order to effect such change."

Explanation:

(This amendment provides \$1.9 million from the general fund and \$2.0 million from nongeneral funds the second year to fund the High Needs Support Benefits (HNSB) component of the Medicaid 1115 waiver program. The HNSB benefit offers vital, evidence-based housing and employment assistance services to Medicaid-eligible beneficiaries in the Commonwealth who have high-level needs, especially those with behavioral health challenges, such as serious mental illness and/or substance use disorders, and those leaving state psychiatric hospitals. It is estimated that the funding will provide up to 200 waiver slots for those Medicaid enrollee in need of such services. Language directs the Department of Medical Assistance Services (DMAS) to submit an application to the federal government to renew this component of the waiver to be effective in fiscal year 2025. It assumes that DMAS will conduct the planning and preparation in the current year in order to effect such changes. It also adds language providing DMAS with authority to promulgate emergency regulations.)

Explanation:

(This amendment provides \$4.4 million the first year and \$12.5 million the second year from the general fund and \$4.3 million the first year and \$12.3 million the second year from nongeneral funds to replace the benefits eligibility system currently used by approximately 2.2 million Virginians to apply for Medicaid, the Supplemental Nutrition Assistance Program, Temporary Assistance for Needy Families, the Child Care Subsidy Program, and two Energy Assistance Programs. The current legacy systems would be replaced by a next-generation, low-code application platform supporting best practices in information technology architecture, human-centered design, testing, and training.)

"45. School Construction Grants Program

a. Out of this appropriation, \$500,000,000 the first year from the general fund is provided for grants to school divisions for nonrecurring expenditures by the relevant school division.

Request to Amend House Bill 30, as Introduced

Nonrecurring costs shall include school construction, additions, infrastructure, site acquisition, renovations, technology and other expenditures related to modernizing classroom equipment, school safety equipment or school safety renovations, and debt service payments on school projects completed or initiated during the last ten years. These funds shall not be used for the repair or replacement of parking lots or the replacement or modernization of school facilities that are predominantly used for extracurricular athletics activities.

b. For any school construction projects funded with these grant proceeds, school divisions are encouraged to utilize best practices for construction and renovation, which may include value engineering, Leadership in Energy and Environmental Design (LEED) standards, or other relevant standards that would improve the health, safety, and quality of educational facilities.

c. Any funds provided to school divisions for school construction that are unexpended as of June 30, 2025, and June 30, 2026, shall not revert to the Commonwealth but shall be carried on the books of the locality in local escrow accounts pursuant to § 22.1-175.5, to be appropriated to the school division for use for the same purposes authorized for this program."

Explanation:

(This amendment provides \$500.0 million from the general fund the first year as a one-time payment to school divisions for nonrecurring costs, including school capital projects and debt service on projects completed or initiated during the last ten years. A similar distribution of \$400.0 million was provided in fiscal year 2023.)

"M. Out of this appropriation, \$52,000,000 the first year and \$48,000,000 the second year from the general fund shall be used to establish a pilot program to provide long-term direct rental assistance to households with at least one child aged 16 or below and with income at or below 50 percent of Area Median Income. The department shall give priority to households with income at or below 30 percent of Area Median Income. Under this program, eligible households will receive a voucher to reduce their housing costs to 30 percent of their monthly income. The department shall establish guidelines and criteria for the administration of this pilot program by December 1, 2024, informed by the Virginia Housing Stability Fund Model Program Guidelines report, which was developed in 2022 in conjunction with a stakeholder group. Any funds remaining at the end of the fiscal year 2025 shall be carried forward into the next fiscal year by the department for the purposes described in this paragraph. The department shall submit a report to the General Assembly on or before November 30, 2025 with an update on the implementation and impact of this program."

Explanation:

(This amendment provides \$52,000,000 in fiscal year 2025 and \$48,000,000 in fiscal year 2026 to establish the 5000 Families pilot program, which will provide monthly rental assistance to

Request to Amend House Bill 30, as Introduced

low-income families with school-aged children. Eligible households will receive a monthly rental voucher in an amount sufficient to allow the family to pay only 30 percent of their monthly income for housing. This program will empower families and their children by ensuring they have a stable home and thus a strong foundation for success at school and beyond.)

Total Adjustments	\$925,700,000	\$937,900,000"

Explanation:

(This amendment provides \$925.7 million the first year and \$937.9 million the second year from the general fund to implement the provisions of House Bill 761, which addresses several areas of JLARC's 2023 report, "Virginia's K-12 Funding Formula." The amounts provided in this amendment are derived from JLARC's fiscal year 2023 estimated impacts, increased by 13.7 percent for fiscal year 2025 and 15.2 percent for fiscal year 2026, the rate of increase for recurring school division distributions between fiscal year 2023 (Chapter 2) and House Bill 30.)

The Department for Aging and Rehabilitative Services shall report the status and provide an update on the results of the dementia case management program to the Chairs of the House Appropriations and Senate Finance and Appropriations Committees by November 1 of each year."

Explanation:

(This amendment adds funding each year from the general fund to implement an interdisciplinary plan of care and dementia case management for 100 individuals diagnosed with dementia through a partnership between the Martha W. Goodson Center of Riverside Health Services and the Peninsula Agency on Aging. Language requires a report on the program by November 1 annually.)

"WWW. Effective July 1, 2024, the Department of Medical Assistance Services shall amend its remote patient monitoring rate codes to provide reimbursement for remote patient monitoring of patients receiving take home medications for medication assisted treatment for opioid use disorders. Service authorization and previous hospital stay criteria shall not be required for remote patient monitoring of medication assisted treatment. The department shall have the authority to implement these changes prior to completion of any regulatory process to effect such change."

Explanation:

(This amendment adds \$1.4 million from the general fund and \$7.7 million from nongeneral funds each year to increase reimbursement rates for remote patient monitoring of patients receiving take home medication for medication assisted treatment for opioid use disorders. While take home medication for MAT is currently permitted, the lack of remote patient monitoring to ensure the daily dosage of medication is taken has limited the ability of providers to utilize take home medications. Remote patient monitoring for this purpose ensures the patient takes the medication, which is critical to ensuring treatment protocols are followed and reduces the risk of diversion. In addition, it reduces the travel time for patients who receive daily MAT treatments, which increases adherence to the treatment protocol and their ability to maintain employment.)

Page 348, after line 43, insert:

"WWW. As a condition of the appropriation in this item, by December 31, 2024, the Department of Medical Assistance Services shall select and contract with a single third-party administrator to serve as the pharmacy benefit manager to administer all pharmacy benefits for Medicaid recipients, including those enrolled in a managed care organization with whom the Department contracts for the delivery of Medicaid services.

Each managed care contract entered into or renewed by the Department for the delivery of Medicaid services by a managed care organization shall require the managed care organization to contract with and utilize the state pharmacy benefit manager for the purpose of administering all pharmacy benefits for Medicaid recipients enrolled with the managed care organization.

The contract with the state pharmacy benefit manager shall: (i) establish the state pharmacy benefit manager's fiduciary duty owed to the Department; (ii) require the use of pass-through pricing and require the state pharmacy benefit manager to use the common formulary (preferred drug list), reimbursement methodologies, and dispensing fees established by the department; and (iii) provide transparency in drug costs, rebates collected and paid, dispensing fees paid, administrative fees, and all other charges, fees, costs, and holdbacks.

The pharmacy benefit manager shall not have common ownership, management, common members of a board of directors, shared managers, or any of the pharmacy benefit manager's management companies, parent companies, subsidiary companies, jointly held companies, or companies otherwise affiliated by a common owner, manager, or holding company with: (i) a managed care organization and its affiliated companies; (ii) an entity that contracts on behalf of a pharmacy or any pharmacy; (iii) a drug wholesaler or distributor and its affiliated companies; (iv) a third-party payor and its affiliated companies; (v) a pharmacy services administration organization and its affiliated companies; or (vi) a pharmacy and its affiliated companies.

In administering the pharmacy benefit, the Department shall annually report by not later than September 30 of each year, to the Chairmen of the House Appropriations and Senate Finance Committees on the status of the pharmacy benefit, including pharmacy network adequacy and access, cost savings, rebates, and any effect on Medicaid capitation rates of managed care organizations."

Explanation:

(This amendment reduces funding by \$45.0 million from the general fund the first year and \$90.0 million from the general fund the second year and an equivalent amount of nongeneral funds each year based on estimated savings from requiring Department of Medical Assistance Services (DMAS) to select and contract with a single third-party administrator to serve as the

Request to Amend House Bill 30, as Introduced

pharmacy benefit manager (PBM) to administer all pharmacy benefits for Medicaid recipients, including those enrolled in a managed care organization with whom the Department contracts for the delivery of Medicaid services. Language requires DMAS to implement the new contract by December 31, 2024 and sets forth criteria for the contract and the PBM. Reporting language is also added. Savings to the Medicaid program are expected due to efficiencies from have one central contract for direct management of the Medicaid pharmacy benefit. A 2019 General Assembly-directed study estimated that DMAS would save at least \$32 million by direct-management of the pharmacy benefit.)

"WWW. The Department of Medical Assistance Services shall (i) ensure that comprehensive information about all available managed care organization preferred provider programs is provided to all Community Services Boards (CSBs), including information about which behavioral health services are included in the preferred provider programs and the requirements CSBs must meet to participate in the programs; and (ii) report to the Behavioral Health Commission regarding efforts to make such information available to CSBs no later than November 1, 2025."

Explanation:

(This amendment adds \$250,000 from the general fund and \$250,000 from nongeneral funds the first year and language directing the agency to ensure that information on Medicaid managed care organization preferred provider programs are provided to all CSBs. Funding would be used to procure a contractor to assist in this effort. "Obtaining "preferred provider" status with managed care organizations could reduce the administrative complexity of billing for Medicaid-eligible services, helping CSBs increase reimbursement for Medicaid-eligible services. Designation as a "preferred provider" means that the provider is not required to meet prior authorization requirements for certain services. Reducing prior authorization requirements can allow consumers to receive services more quickly and require fewer administrative steps before CSBs are able to receive reimbursement for services delivered.)

"WWW. Effective July 1, 2024 the Department of Medical Assistance Services shall increase

Request to Amend House Bill 30, as Introduced

reimbursement rates for Medicaid Developmental Disability Waiver services by 18 percent. "

Explanation:

(This amendment adds \$158.0 million from the general fund and \$185.0 million from nongeneral funds the first year and \$178.9 million from the general fund and \$209.7 million from nongeneral funds the second year to increase Medicaid Developmental Disability (DD) Waiver rates by 18 percent for those services in the DD Waivers most directly impacted by the anticipated 12.5% minimum wage increase and to offset the increasing costs. Adequate rates are one of the critical elements of building and maintaining the capacity of the system and will be especially critical if there is an influx of "new" slots. While the rate increase of July 2022 allowed the service community to stabilize post pandemic, those funds have been invested in raising the wages of direct care, recruiting the staff to re-open programs, and strengthening the mid-level supervision to keep up with DOJ requirements. Absent a significant increase, providers will again be forced to reduce capacity which will limit access to services.)

Page 302, after line 49, insert:

"I.1. Out of this appropriation, \$860,000 the first year and \$860,000 the second year shall be provided to the Virginia Department of Health to contract with a health system-affiliated cancer screening center located in Planning District 8 for the development of the Northern Virginia Firefighter Occupational Cancer Screening Pilot. The four-year pilot will screen at least 450 firefighters annually, distributed across firefighters serving localities in Planning District 8. The pilot program will support: (i) occupational cancer screening and risk assessment for eligible firefighters within a defined age and risk band; (ii) a randomized clinical trial investigating the optimal type of full-body imaging for cancer early-detection for the unique occupational cancer risk of firefighters; and (iii) upon completion of the four-year pilot, the development of a recommended screening program for use by other hospitals and health systems across Virginia in partnership with the public safety divisions in their localities.

2. The pilot shall require a report on the results of the screening pilot to the department and the Chairs of the House Appropriations Committee and Senate Finance and Appropriations Committee by December 1, 2025. Funding is contingent upon demonstration of matching funds from the health system-affiliated cancer screening center."

Explanation:

(This amendment provides \$860,000 each year from the general fund to the Virginia Department of Health to contract with a health system-affiliated cancer screening center in Planning District 8 for the purposes of executing the Northern Virginia Firefighter Occupational Cancer Screening Pilot. Funding is contingent upon demonstration of matching funds provided by the center. The pilot will screen at least 900 firefighters (450 each year) distributed across Northern Virginia for occupational cancers and support a research study to identify the most effective screening modalities for occupational cancers in the firefighting profession. Language requires a report after two years to the Chairs of the House Appropriations and Senate Finance and Appropriations Committees, as well as to the Virginia Department of Health. Additionally, the language requires development of a recommended screening program at the conclusion of the four-year pilot that can be implemented in other regions of the Commonwealth.)

Explanation:

(This amendment adds language requiring the Department of Medical Assistance Services to treat Medicaid recipients of community based care similarly to those in nursing homes when determining how medical care costs incurred by the recipient are applied to Medicaid eligibility, required patient payments and the period for which the cost of care is incurred. Medicaid spenddown refers to a requirement for individuals or families who otherwise meet all the Medicaid non-financial and resource eligibility requirements, but whose countable income exceeds the medically needy income limit for their city or county of residence. A spenddown is similar to an insurance policy deductible.)

Page 156, line 7, strike "1)".

Page 156, strike lines 12 through 15.

Page 184, after line 19, insert:

"45. Supplemental General Fund Payment in Lieu of Sales Tax on Food and Personal Hygiene Products.

Out of this appropriation, \$272,500,000 the first year and \$273,600,000 the second year from the general fund shall be distributed to localities on the basis of the latest yearly estimate of school age population provided by the Weldon Cooper Center for Public Service as specified in this item for SOQ sales tax payments. These funds represent the reduction of sales tax distributions to school divisions resulting from the exemption of the state sales and use tax on food for human consumption and essential personal hygiene products. These payments shall be applied in the same manner as sales tax payments to offset the state and local shares of basic aid."

Explanation:

(This amendment provides \$121.3 million the first year and \$121.8 million from the general fund to restore and reforecast the general fund payments provided in lieu of the K-12 dedicated sales tax on grocery and personal hygiene products that would have been collected had the tax not been eliminated effective January 1, 2023. The amount of these general fund payments is updated to \$272.5 million the first year and \$273.6 million in the second year. These payments reduce the state share of basic aid by \$151.2 million the first year and \$151.8 million the second year.)

"D. Adjustments to implement House Bill 624

Notwithstanding the foregoing provisions in Sections A through C, appropriations in this item shall be further adjusted as follows to implement House Bill 624:

Action

FY 2025

FY 2026

Request to Amend House Bill 30, as Introduced

1. Technical adjustments to the SOQ and compensation supplement calculations to: (i) include all division central office positions in the SOQ formula, (ii) apply the cost of competing adjustment to facility and transportation staff salaries in the SOQ formula, (iii) remove the cap on adjustments to non-personal cost assumptions in the benchmarking process in the SOQ formula, and (iv) account for the cost of facilities staff salaries in compensation supplement calculations. (JLARC Recommendation 1)	\$49,700,000	\$50,400,000
2. Change the local composite index to a three-year average of the most recently available data, in lieu of a single year of data every other year. (JLARC Recommendation 7)	(\$1,600,000)	(\$1,600,000)
3. (i) Use Identified Student Percentage measure to calculate funding for all at-risk programs that use free lunch estimates; (ii) consolidate the Prevention, Intervention, Remediation SOQ program and At Risk Add On Program, and (iii) distribute 60 percent of funding from the consolidated program to divisions using a flat per student rate and distribute 40 percent using a variable rate based on the concentration of poverty in each school division. (JLARC Recommendations 9 and 10)	\$285,800,000	\$289,600,000
4. Replace the current SOQ formula calculations for special education and English as a Second Language, including any associated calculations for benefits and payroll taxes under other SOQ accounts, with student-based funding calculations that are based on actual average school division expenditures. (JLARC Policy Option 5)	\$590,200,000	\$597,900,000
Total Adjustments	\$924,100,000	\$936,300,000"

Explanation:

(This amendment provides \$924.1 million the first year and \$936.3 million the second year from the general fund to implement the provisions of House Bill 624, which addresses several areas of JLARC's 2023 report, "Virginia's K-12 Funding Formula." The amounts provided in this amendment are derived from JLARC's fiscal year 2023 estimated impacts, increased by 13.7 percent for fiscal year 2025 and 15.2 percent for fiscal year 2026, the rate of increase for recurring school division distributions between fiscal year 2023 (Chapter 2) and House Bill 30.)

Department of Medical Assistance Services

Language

Language:

Page 348, after line 43, insert:

"WWW. The Department of Medical Assistance Services (DMAS) shall implement a process no later than July 1, 2024 for Federally Qualified Health Centers (FQHCs) to notify the department of any changes in the scope of services offered by a FQHC, pursuant to Section 1902(bb)(3) of 42 U.S.C. 1396a. Notifications of changes in the scope of services submitted no later than October 1, 2024 may include changes in the scope of service since October 1, 2018. Thereafter, notification must be received within 15 months of the increase or decrease in the scope of services by the FQHC. The department is authorized to reimburse FQHCs for unreimbursed costs for the two years prior to an initial request for a change in scope under the new process."

Explanation:

(This amendment adds language directing the agency to implement a change in scope process July 1, 2024 by which FQHCs may request a reimbursement change to reflect the scope for services that have been added or changed. It further provides that FQHCs can request this scope of services change dating back to October 1, 2018 as long as the request is made no later than October 1, 2024. Thereafter, a request for a change in scope must be made within 15 months of the change taking place. Finally, this amendment authorizes DMAS to reimburse an FQHC for unreimbursed costs for up to two years prior to the FQHC's initial request for a change in scope. This will allow the FQHCs to cover their costs of patient care during this period through receipt of the full federal match for these reimbursements.)

"X. Out of this appropriation, \$32,967,146 the first year and \$2,603,514 the second year from the general fund is provided to fully staff and support existing crisis receiving centers and crisis stabilization units."

Explanation:

(This amendment provides \$33.0 million the first year and \$2.6 million the second year from the general fund to ensure existing crisis centers are fully staffed. This amendment redirects proposed funding to establish new crisis centers in order to ensure all crisis centers are fully staffed before establishing new ones. Existing crisis stabilization units have bed capacity that is not fully utilized because of lack of staff and additional funding could help existing centers hire the staff they need to operate all or more of their licensed beds.)

Request to Amend House Bill 30, as Introduced

Explanation:

(This amendment provides \$500,000 each year from the general fund pursuant to House Bill 1085. The bill requires the owner or operator of a publicly owned treatment works to monitor PFAS levels, as defined in House Bill 1085, in effluent, influent, and biosolids at least quarterly and report all such monitoring data on an applicable discharge monitoring report required by federal regulations. The bill requires the Department of Environmental Quality (the Department), in certain circumstances, to develop a PFAS action plan to identify and address sources of certain PFAS detected in a public water system's raw water source, perform outreach efforts regarding PFAS contamination, report annually on its activities, and work with certain entities in developing its PFAS action plans. The bill requires certain facilities that manufacture or use PFAS to report the use of such chemicals to the Department and to monitor such PFAS at least quarterly unless at another frequency at the direction of the Director of the Department. The bill also directs the Department and the Virginia Department of Health to jointly establish a PFAS Advisory Committee to assist with PFAS-related activities and appoint such committee's members to include legislative members and a wide range of nonlegislative citizen members and to report annually to the Governor and the General Assembly on the Committee's activities and recommendations. This amendment is a placeholder until a fiscal impact statement for the legislation is produced.)

support a hands-on, interactive cybersecurity program that teaches students vital skills to break into the cybersecurity sector."

Explanation:

(This amendment provides \$60,000 in fiscal year 2025 to support the CyberSlam program, which provides hands-on, interactive cybersecurity training. The program is working to help address the estimated 60,000 open cybersecurity jobs in Virginia. The program served 575 students representing 35 high schools from around the Commonwealth of Virginia in 2024 and wants to expand its reach in 2025.)

Request to Amend House Bill 30, as Introduced

appropriateness of the Commonwealth's current fee-for-service funding model for newborn birthing providers. The work group shall survey and evaluate alternative funding models, including those utilized by other states. From its analysis, the work group shall prepare alternative funding models to the current model for review by the Chairs of the House Committees on Appropriations and Health, Welfare and Institutions and the Chairs of the Senate Committees on Education and Health and Finance and Appropriations. The work group shall be composed of representatives from the Department of Health and the Department of General Services, the Department of Medical Assistance Services, the Virginia Hospital and Healthcare Association, midwifery stakeholder groups, the Every Life Foundation for Rare Diseases and such other stakeholders as deemed appropriate. The Department of Health and the Department of General Services shall update previous findings from 2023 and report the findings and recommendations of the workgroup in 2024 to the Chairs of the House Committees on Appropriations and Health, Welfare and Institutions and the Chairs of the Senate Committees on Education and Health and Finance and Appropriations by December 1, 2024.

Explanation:

(This amendment adds language directing the Department of Health and Department of General Services to continue the work group to evaluate the current funding model for the newborn screening program.)

Effective July 1, 2024, the Department of Medical Assistance Services shall have the authority to update the rates for consumer-directed facilitation services based on the most recent rebasing estimates as follows: Consumer Directed (CD) Management Training shall be increased to \$94.53 per hour in Northern Virginia and to \$84.85 per hour in the rest of the state; CD Initial Comprehensive Visit shall be increased to \$378.11 per visit in Northern Virginia and to \$339.41 per visit in the rest of the state; CD Routine Visit shall be increased to \$118.71 per visit in Northern Virginia and to \$106.07 per visit in the rest of the state; and CD Reassessment Visit shall be increased to \$313.65 per visit in Northern Virginia and to \$169.71 per visit in the rest of the state. The department shall have the authority to implement these changes prior to completion of any regulatory process to effect such change."

Explanation:

Request to Amend House Bill 30, as Introduced

(This amendment adds \$2.1 from the general fund and \$4.3 million from nongeneral funds the first year and \$2.5 million from the general fund and \$5.1 million from nongeneral funds the second year to increase rates for Medicaid consumer directed service facilitation training and visits to reflect recommendations contained in the most recent report on rebasing of Medicaid developmental disability Medicaid waiver services. While most of the rates were updated as of July 1, 2022, rates for service facilitation did not get updated. A service facilitator is a Medicaid-enrolled provider who is responsible for supporting the individual enrolled in Medicaid waivers and the family/caregiver by ensuring the development and monitoring of the Consumer-Directed Services Individual Service Plan, providing employee management training, and completing ongoing review activities as required by the Department of Medical Assistance Services for consumer-directed companion, personal assistance, and respite services.)

Request to Amend House Bill 30, as Introduced

Page 348, after line 43, insert:

"WWW.1. Effective July 1, 2024, the department shall modify nursing facility direct and indirect peer group pricing. Specifically, the department shall determine the prices under the existing methodology, except by using the relevant facility with the 75th percentile day in place of the cost of the currently-mandated facility with the 50th percentile, or “day-weighted median” cost.

2. Effective July 1, 2024, the department shall modify the fair rental value capital rate component for nursing facilities to eliminate the minimum occupancy assumption.

3. Effective July 1, 2024, the department shall modify the fair rental value capital rate component for nursing facilities to create a private room capital component for annually designated private rooms of no more than 20 percent of a nursing facility's total Medicaid or dually certified beds under the same methodology as the remainder of beds except that the imputed gross square feet per bed levels shall be multiplied by a factor of 1.5.

4. The department shall have the authority to implement these reimbursement changes prior to the completion of any regulatory process to effect such changes. To the extent federal approval requires alternative approaches to achieve the same general results, the department shall have the authority to follow the federal guidance."

Explanation:

(This amendment adds \$40.5 million from the general fund and \$42.5 million from nongeneral funds the first year and \$46.4 from the general fund and \$49.6 from nongeneral funds the second year to increase Medicaid payments to nursing facilities by directing the Department of Medical Assistance Services (DMAS) to modify the Medicaid program to cover incurred costs for a larger percentage of Medicaid days and to recognize the need for some amount of private beds for infection prevention and control through added reimbursement. It further improves capital payments by eliminating the minimum occupancy assumption used in calculating reimbursement. Currently, if occupancy is below 88 percent, DMAS sets occupancy at 88 percent (artificially increasing the number of days). This reduces the per diem payment by distributing costs across a higher number of days but paying for the lower number of days. Exacerbated by COVID occupancy declines, the impact from this outdated requirement artificially removes much-needed capital funds.)

The department shall have the authority to implement this reimbursement change prior to completion of any regulatory process in order to effect such change."

Explanation:

(This amendment adds \$11.7 million from the general fund and reduces \$12.5 million in nongeneral funds each year by capping the funds that the Department of Medical Assistance Services (DMAS) retains related to the intergovernmental transfer of funds by which Medicaid provides supplemental payments for five local government owned and operated nursing facilities and two nonstate government hospitals. DMAS uses a formula to calculate the retained funds that has resulted in decreases in the amount of the supplemental payments received by the facilities. Any funds in excess of the costs to administer the program are deposited into the Virginia Health Care Fund and used to defray the general fund cost to operate the Medicaid program. Capping the amount that DMAS may retain from these intergovernmental transfers will allow DMAS to continue to receive the \$400,000 in costs it needs to operate the program,

Request to Amend House Bill 30, as Introduced

but will allow the nursing homes to receive the benefit of the supplemental payments.)

As a condition of the appropriation in this item, by December 31, 2024, the Department of Medical Assistance Services shall select and contract with a single third-party administrator to serve as the pharmacy benefit manager to administer all pharmacy benefits for Medicaid recipients, including those enrolled in a managed care organization with whom the Department contracts for the delivery of Medicaid services.

Each managed care contract entered into or renewed by the Department for the delivery of Medicaid services by a managed care organization shall require the managed care organization to contract with and utilize the state pharmacy benefit manager for the purpose of administering all pharmacy benefits for Medicaid recipients enrolled with the managed care organization.

The contract with the state pharmacy benefit manager shall: (i) establish the state pharmacy benefit manager's fiduciary duty owed to the Department; (ii) require the use of pass-through pricing and require the state pharmacy benefit manager to use the common formulary (preferred drug list), reimbursement methodologies, and dispensing fees established by the department; and (iii) provide transparency in drug costs, rebates collected and paid, dispensing fees paid, administrative fees, and all other charges, fees, costs, and holdbacks.

The pharmacy benefit manager shall not have common ownership, management, common members of a board of directors, shared managers, or any of the pharmacy benefit manager's management companies, parent companies, subsidiary companies, jointly held companies, or companies otherwise affiliated by a common owner, manager, or holding company with: (i) a managed care organization and its affiliated companies; (ii) an entity that contracts on behalf of a pharmacy or any pharmacy; (iii) a drug wholesaler or distributor and its affiliated companies; (iv) a third-party payor and its affiliated companies; (v) a pharmacy services administration organization and its affiliated companies; or (vi) a pharmacy and its affiliated companies.

In administering the pharmacy benefit, the Department shall annually report by not later than September 30 of each year, to the Chairmen of the House Appropriations and Senate Finance Committees on the status of the pharmacy benefit, including pharmacy network adequacy and

Request to Amend House Bill 30, as Introduced

access, cost savings, rebates, and any effect on Medicaid capitation rates of managed care organizations."

Explanation:

(This amendment reduces funding by \$8.0 million from the general fund the first year and \$16.0 million from the general fund the second year and an equivalent amount of nongeneral funds based on estimated savings from requiring Department of Medical Assistance Services (DMAS) to select and contract with a single third-party administrator to serve as the pharmacy benefit manager (PBM) to administer all pharmacy benefits for Medicaid recipients, including those enrolled in a managed care organization with whom the Department contracts for the delivery of Medicaid services. Language requires DMAS to implement the new contract by December 31, 2024 and sets forth criteria for the contract and the PBM. Reporting language is also added. Savings to the Medicaid program are expected due to efficiencies from have one central contract for direct management of the Medicaid pharmacy benefit. A 2019 General Assembly-directed study estimated that DMAS would save at least \$32 million by direct-management of the pharmacy benefit.)

"V. Out of this appropriation, \$250,000 the first year and \$250,000 the second year from the general fund shall be provided to support the development and implementation of a statewide driver's licensing program to support foster care youth in obtaining a driver's license. Funding shall be made available to local departments of social services to reimburse foster care providers for increases to their existing motor vehicle insurance premiums that occur because a foster care youth in their care has been added to their insurance policy. The program may also reimburse foster care providers for additional coverage that provides liability protection should a foster care youth get into or cause a catastrophic accident. Additionally, funding shall be made available to foster care youth in Virginia's Fostering Futures Program to assist in covering the cost of obtaining motor vehicle insurance. The Department shall develop reimbursement policies for foster care providers and foster care youth. The Department shall coordinate and administer the driver's licensing program based on best practices from similar programs in other states, to include developing educational or training materials that educate foster parents, private providers, and foster youth about (i) liability issues, insurance laws, and common insurance practices (to include laws about renewal and cancellation, how long an accident can affect premiums, how to establish that a foster youth is no longer living in the residence, and other applicable topics); (ii) DMV requirements to obtain a learner's permit and driver's license; (iii) what funding and resources are available to assist in this process, to include, paying school lab fees for "Behind the Wheel" or paying a private driving education company; and (iv) why getting a driver's license on time is important for normalcy and a successful transition to adulthood. The Department shall provide information on how many foster care youth were

Request to Amend House Bill 30, as Introduced

supported by this program and any recommendations to improve the program to the Chairs of the House Appropriations and Senate Finance and Appropriations Committees annually on December 1."

Explanation:

(This amendment provides \$250,000 each year from the general fund to support the development and implementation of a statewide driver's licensing program to support foster care youth in obtaining a driver's license. Evidence indicates that youth who leave foster care without their driver's licenses are less likely to make a successful transition to adulthood. This is a recommendation from the Virginia Commission on Youth.)

"V. Out of this appropriation, \$9,200,000 the first year and \$18,600,000 the second year from the general fund is provided to fund the costs of extending the eligibility of the Fostering Futures program to youth 23 years old and younger."

Explanation:

(This amendment provides \$9.2 million the first year and \$18.6 million the second year from the general fund to fund the costs associated with extending the Fostering Futures program to allow youth up to 23 years of age to qualify. Currently, the federal Fostering Futures program ends at age 21, and in fiscal year 2023, 251 youth exited Fostering Futures at age 21. This extension would allow more individuals to qualify for the monthly maintenance payment of \$811. This amendment corresponds with House Bill 1313 of the 2024 General Assembly.)

"M.1. Out of this appropriation, \$15,000,000 the first year from general fund is provided is to create the low income housing real estate tax rebate program to offset costs associated with higher real estate tax assessments.

2. A "qualifying project" shall be defined as: any real estate construction project that a) consists of a multi-family housing structure of 50 units or more, and b) has an active application for Low Income Housing Tax Credit financing, or Housing Opportunity Tax Credit financing.

3. "Rebate" shall be defined as 50 percent of the increased real estate assessment value after locality approval of the project. "Full tax rebate" shall mean the full amount of the increase in real estate assessment from the prior tax year. The applicant shall have the right to apply for qualifying project status after obtaining the affordable housing rezoning approval.

4. The department shall provide a qualifying project applicant with an approval letter once the locality reassesses the real estate tax value of the property for the qualifying project and after the applicant pays any associated real estate taxes, the applicant may submit the approval letter to the department who will then issue the Rebate to the locality, which shall then issue the Full Tax Rebate to the applicant.

5. The Rebate shall apply to new construction and rehabilitation affordable housing projects.

6. All rebates and full tax rebates issued under this paragraph shall not exceeds \$3,000,000 in any one fiscal year, and applications shall be awarded on a first come first serve basis.

7. The rebates and full tax rebates issued under this paragraph shall be available for no more than five years.

8. The amounts provided in this paragraph shall be carried forward into the next fiscal year and shall not revert to the general fund."

Explanation:

(This amendment creates a new low income housing tax rebate program to offset costs associated with higher real estate tax assessments as the result of multi-family affordable housing construction projects.)

"K. Out of this appropriation, \$101,510 the first year and \$101,510 the second year from the general fund is provided to the Department of Social Services to fund the administrative costs of granting any adult adoptee access to their original birth certificate."

Explanation:

(This amendment provides \$101,510 each year from the general fund to fund the administrative costs of allowing any adoptee 18 years of age or older access to their original birth certificate. Currently, the Department of Social Services only processes requests for birth certificates when the birth parents cannot be identified from the adoption file to assist in conducting a search, and only if good cause was shown by the adoptee. The Department currently receives around 350 birth certificate requests annually and this amendment is estimated the double the workload. The Department would also require 1.0 FTE to sustain the increase in requests and provide related technical assistance and training. This amendment corresponds with House Bill 550 from the 2024 General Assembly.)

Request to Amend House Bill 30, as Introduced

- a) Out of this appropriation, \$12,000,000 the first year and \$12,000,000 the second year from the general fund is designated to support school safety and security grants. The Department of Education shall continue to administer the program and adhere to already established guidelines. Funds may be used to support equipment and planning to improve safety and security, including purposes not authorized for the existing VPSA-funded Security Equipment grant program.
- b) Of this amount, at least \$6,000,000 the first year and \$6,000,000 the second year shall be used for the purpose of awarding grants to school divisions to contract with an approved private vendor for firearm detection software to detect and alert division personnel and first responders about the presence of visible, unholstered firearms on school property. The grantees shall include at least one school division in all eight Superintendent's regions.
- c) The Department of Education shall certify and provide to school divisions a list of approved firearm detection software vendors no later than July 1, 2024. To be certified as an approved vendor, the vendor must meet the following requirements:
1. Vendor is designated as qualified anti-terrorism technology under the federal SAFETY Act, 6 U.S.C. Sec. 441 et seq.;
 2. Vendor shall be compliant to standard industry information security frameworks, including ISO 27001 and SOC 2 Type 2.
 3. Vendor shall directly manage the program through a constantly monitored operations center that is staffed by highly trained analysts in order to rapidly communicate possible threats to end users;
 4. Vendor's product is developed in the United States without the use of any third-party or open-source data;
 5. Vendor's product is protected by an awarded patent that includes a training database populated with frames of actual videos of firearms taken in relevant environments across diverse industries;
 6. Vendor's product must be designed to integrate with existing security camera infrastructure at school divisions.
 7. Vendor's product must have an existing integration with the critical incident mapping platform that the Commonwealth has already provided to school divisions.
 8. The vendor's product must already be successfully deployed in local, state, or federal facilities, including school divisions, in Virginia."

Explanation:

(This amendment provides \$12.0 million from the general fund each year to reinstate the school security grants that were provided in fiscal year 2024 in the Chapter 1 budget. It also specifies that \$6.0 million of this funding each year shall be used to award grants to school divisions to contract with an approved private vendor for firearm detection software to detect and alert

Request to Amend House Bill 30, as Introduced

funding from the United States Department of Health Resources and Services Administration shall be transferred to the Virginia Health Workforce Development Authority for operational costs to support health workforce initiatives across the Commonwealth."

Explanation:

(This amendment provides and additioanl \$1.8 million each year from the general fund and \$1.3 million each year from nongeneral funds to the Virginia Health Workforce Development Authority for operational costs to support health workforce initiatives across the Commonwealth. Funding will match federal funding received from the United States Department of Health Resources and Services Administration for the management of the Virginia Area Health Education Centers. Another \$250,000 each year will go toward oversight and management of the graduate medical education programs for primary care and \$250,000 each year will provide central oversight and regulatory review of the Health Innovation Fund. Current funding for the Authoirty is \$300,000 each year form the general fund.)
